- 3&4 Right step back; left together; right step forward
- 5-6 Left rock forward; right replace back
- 7&8 Shuffle steps turning ½ left [6:00]

** Arm/hand work with these steps are:

Both arms are straight with wrist bent up and palm facing down. The forward hand pushes down while back shoulder raises up and rotates back with each forward step. When the rear foot locks, the forward hand and arm raise up and the back shoulder rotates down. The resulting motion should be a pumping motion with the front arm and a circling motion with the back shoulder from up in front rotating back and down then forward and up again.

On the shimmy steps, shake whatever you can.
